Mrs. Green's Gems.... (A view from the top) Issue 1 (Autumn Term 2017)

I have decided that we will re-launch Mrs. Green's Gems as this will provide parents with more in-depth information on specific aspects of school life. A key purpose behind this is to develop a more meaningful relationship with the parents of the school.

This will enable you to understand the challenges and constraints, as well as the opportunities, that are presented to us in school. In being more informed you can support us better, work with us to achieve the best for your child and appreciate what goes on 'behind the scenes'.

Gems to be mined in future issues of BH8 Mrs. Green's Gems:

Look out for Issue 2: Leadership and
Management
