

Malmesbury Park Primary School

School Sport Premium Report September 2016 -2017

Malmesbury Park Primary School Physical Education Vision:

At Malmesbury Park Primary School we will support excellence in PE through promoting healthy, active lifestyles. We will do this through teaching the children new skills as well as providing children with opportunities to apply these skills to new challenging and enjoyable situations which in turn will promote lifelong learning and active participation. Through our school ethos values, we aim to develop sportsmanship, friendship, leadership and a determination to achieve in physical activities and sport.

Aims

We aim to ensure that the provision is challenging and appropriate and the support mechanisms are in place to allow all to reach their full potential. The provision will be inclusive, engaging, innovative, inspiring and raise aspirations. It will provide high quality sustainable Physical Education and sport within the curriculum and out of school hours. Our action plan encompasses all the key concepts to develop pupils' competence, performance, creativity and healthy lifestyles. We aim to give a broad base of learning so that all pupils can develop interest and understanding in many different areas inside and out of school. We will also provide high quality continuous professional development (CPD) for all teachers and other adults involved in the delivery of PE and school sport, building sustainable professional learning networks. This includes effective school to school support and families of schools working together. The children will develop the skills, confidence and relevant experiences to succeed at their chosen level and discipline. They will be inspired to rise to the challenge of competition and participate competitively so they become physically literate and active for life.

Malmesbury Park Primary School aims to deliver the following outcomes through the 'Sports Premium' funding:

- Increased opportunities for competitive sport both within school and outside of school. Our children of all ages will attend regular sport tournaments, festivals, leagues and competitions across Bournemouth and Dorset. We train our teams in order to pursue sporting excellence and look for opportunities to provide more able children challenging sporting and leadership experiences.
- Improved quality of teaching and learning in Primary Physical Education, including more dynamic exercise in lessons. We procure quality assured professional training for staff to raise their confidence and competence in teaching PE and sport resulting in Quality First teaching for all children in their PE lessons.
- Improved quality and breadth of PE and sporting provision, leading to increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performances levels they are capable of. We renew and refresh our PE equipment, making sure that the equipment offered to the children is of the highest quality.
- Paying for / subsidising the cost of extra curricular clubs taught by coaches and staff members targeted specifically at children who are keen but had not previously been participating in extra curricular sporting opportunities

Malmesbury Park Primary School is committed to providing high quality Physical Education, healthy active lifestyles and the opportunity for competitive school port.

We are fortunate to have been guaranteed additional funding to establish provision that is sustainable in the long term.

2016 -2017 We use the funding in our school in the following ways:

Government Sport Premium Funding 2016-2017

£10,665.00

This year we have	Impact and sustainability	Cost (to April 2017)
<p>Provided individually tailored, high quality CPD opportunities</p>	<p>The Primary Sport Premium Lead for Active Dorset has provided high quality CPD ‘bespoke’ sessions, to 5 teachers across the year so far. Working together with the teachers for between 6 and 12 weeks, she has developed their expertise and subject knowledge in various aspects of PE teaching leading to raised confidence and resulting in higher quality outcomes in PE for each of their classes. The Bournemouth University students have also had additional support from Annie Hargreaves in delivering PE lessons to the LEAPS children. Sustainability So far teachers from years 1,2,3,4 and 5 have benefitted from this training. Using their expertise, they will work alongside other members of their team to support the planning and provide advice. The indoor PE teachers chose to improve their teaching of Gymnastics and the units they will teach in the future. Further sessions this year with our partner from Active Dorset will be targeted to teachers from Years 1, 2 and FS2 in order to ensure expertise in all year groups.</p>	<p>£4626</p>
<p>Extend afterschool clubs including provision for KS1</p>	<p>Clubs have been established 5 days a week for KS1 and KS2. The range of free clubs has been greatly extended and have included:</p> <ul style="list-style-type: none"> <i>Multi skills</i> <i>Football</i> <i>Basketball</i> <i>Netball</i> <i>Football</i> <i>Tag rugby</i> <i>Kwik Cricket</i> <i>Rounders</i> <i>Change for Life</i> <i>Athletics</i> Maccabeats (Dance) Wheels (skateboarding, scooting, cycling etc.) <p>The clubs are always well attended with some clubs having waiting lists. This has resulted in greater participation across the school from KS1 upwards. It has also resulted in enjoyment by greater numbers of children across the school, leading to the promotion of healthier lifestyles etc.</p>	<p>£1900</p>

	<p>We have targeted pupil premium children, finding ways to ensure that they are encouraged to participate fully in the opportunities school provides for them.</p> <p>Sustainability Clubs are run by Bournemouth University students employed by MPPS on placement. This is the fourth year of this project and the success of the project has led to its sustainability. This is the second year the students have run the clubs and the success of the clubs will ensure that the project continues.</p>	
Physical school opportunities for children in the Riggs and LEAPS classes.	<p>Children in the LEAPS class have an individually tailored PE session delivered by Bournemouth University (BU) students. A number of our SEND children will attend Victoria Special school for a new opportunities day 11th May specially tailored to meet their individual needs.</p> <p>Sustainability This is the second year we have attended the 'new opportunities' day. It is a popular event and we will continue to support it annually.</p>	
Key Stage 2 inter sport competitions (transport – ground hire)	<p>Pupils in KS2 have participated in a number of tournaments in local schools. This has raised self-esteem and raised the status of sport in our school. We celebrate and recognise the participation and achievement of our team members in match reports in assemblies and newsletters to parents.</p> <p>These were our achievements this year</p> <p>Football - Boys Year 6 Football - Year 5 boys Football – Girls Year 5/6 Tag rugby – Year 5/6 girls and boys Netball –Year 5/6 girls and boys Town Sports – Relay Town Sports – Athletic and field</p> <p>Future competitions for the summer term are <i>Kwik Cricket for years 3/4 and 5/6</i> <i>Athletics</i> <i>Rounders</i></p> <p>Sustainability Teams and squads are trained by our BU students. We are searching for ways to extend and develop the squad practice in order to extend our sporting success</p>	£175
Purchase new small equipment	<p>Sustainability We will continue to audit our equipment, purchasing new and updating where and when necessary.</p>	£3964
Introduction of sports leaders	<p>This is the second year we have had sports leaders from years 5 and 6. The sports leaders have been trained by the 'School Games Organisers' to become 'Bronze Ambassadors.' Through their training, they have developed their personal skills of leadership in PE They have started to promote and encourage active lifestyles. They will begin their role this term and will be encouraging greater participation in games on the playground.</p> <p>Sustainability</p>	No cost

	Sports leaders for the academic year 2017 -2018 will be selected this year in preparation for September. Further training to the sports leaders will be delivered by our BU students	
Wake and Shake routines	<p>Wake and Shake routines are well established throughout the school. The use of 'Go noodle' has enabled all children to get their heart rate up regularly. We have noticed that this means they are more alert and ready for learning!</p> <p>Sustainability</p> <p>This is a low cost, quick activity that is popular with the children and staff alike. The element of competition in how many hours achieved, motivates staff to keep following this regularly!</p>	No cost

This academic year we intend to continue to use the funding in the following ways

- Continued CPD for individual teachers (KS1 and KS2)
- Monitoring / CPD for PE throughout the school - release of PE co-ordinators
- Pay for transport to access competitions
- Development of Inter School competitions - equipment
- Development of Sports Ambassadors and key skills
