Thursday 24th January 2024

Dear Parents/Guardians,

Health Education lessons

The children in Years 5 and 6 will be carrying out their Health Education lessons over the coming half term. They will learn about puberty and how their bodies are changing. In addition, the work for Year 6 will also include how babies are made and how babies are born.

During the sessions, the children will watch short educational videos. These will be followed by a discussion and the opportunity to ask questions about the issues/content covered in the videos. During the discussion, we will encourage the children to speak to their adults at home about what we have learnt and any concerns they may have.

Please come and join us for a brief introductory talk and the opportunity to view the videos before your children, on **Tuesday 30th January 2024 at 3:30pm.** The session is for all adults. If you have any concerns regarding this, please let us know so alternative arrangements can be made. Please note, **adults only** are invited to watch these videos as there may be content covered which may not be suitable for younger viewers.

If you have any further questions about these lessons, please contact your child's class teacher or Miss Scholl (Year 6 Team Leader) or Mrs. Underhill (Year 5 Team Leader).

Kind regards,

Miss Scholl and Mrs. Underhill.
